ACAT 2020 Safety Conference Postponed until further notice

Hello to everyone,

Our team has been monitoring the status of COVID-19, along with the increasing travel restrictions. Out of an abundance of caution we have decided to postpone the 2020 ACAT Safety Conference until further notice. Our first goal as part of the ACAT community is to promote safety and as such, we do not wish to create any additional risk of transmission.

We will continue to monitor the situation. Our hope is to reschedule the conference for later this year. Within the next 90 days we will provide further communication regarding the 2020 conference. The ACAT website www.ornge.ca/acat will also be updated with this information.

For those that have made arrangements for travel and accommodations, we apologize for the inconvenience.

We are very sorry to have had to make this decision. I know everyone will understand, based on the current circumstances. If you have any questions please do not hesitate to contact me.

Best regards,

Justin Labelle
